Gradual reduction in income

Removing charges – we intend,
from April 2018, to no longer charge
for our data

Agency

LIDAR – which datasets specifically?

Tiled LIDAR data

- Historic LIDAR data which has been gathered since 1998
- Range of resolutions for some areas
 - 2m, 1m, 50cm, 25cm

Composite LIDAR data

- Combination of our full tiled dataset
- Merged and re-sampled to give the best possible spatial coverage.
