

# Goals

- Publish 'X' datasets by 30<sup>th</sup> June 2016
- Culture change
  - We challenge our thinking about the way we have always done data
  - We challenge our thinking that we know best about the use of our data

# High level approach

# Timelines

# Dependencies

- We identify 'X' datasets
- Resource commitments/ willing
  - To identify and supply data
  - To support end to end publishing process
- Clear and simple processes for the business to use
- Somewhere to host published data for 'data drop'
- Slick ways of working
  - Project team
  - 'can do' attitude
  - One place to track progress that all use
- Challenging ourselves to do things differently
- Data 'issues' and time to deal with them

# Progress on 28<sup>th</sup> Oct '15
